CUTTER & BUCK

Founded in 1989 on Seattle's working waterfront, the words Cutter and the Buck were chosen to symbolize the region we know and love, where the sea, represented by a Cutter, and the mountains, represented by a Buck, meet and live-in harmony.

We are the bigger-the-better idea people and the up-for-anything instigators. Working hard to improve the world around us, we seek new frontiers to fuel our ingenuity as pioneers. We invite you to push beyond what is, to what could be in the work you do and the life you choose.

Our iconic clothing is crafted for your active lifestyle, engineered for exceptional versatility so it will be perfect for work, work from home, travel, date night, golf, walking, boating, hiking, and entertaining. Our clothing is thoughtfully engineered with performance features like moisture wicking, stretch, UPF for sun protection, and with easy care and time saving features such as durable collars, added spandex, and blended fabrics that are comfortable and stylish. At Cutter & Buck we share your commitment to sustainability, with our commitment to sustainable products, sustainable operations, and sustainable production. When you choose Cutter & Buck clothing, you are getting the genuine spirit of the Pacific Northwest.

FIT GUIDE

These charts represent body measurements, not garment measurements.

NECK
Measure around your neck at the point where a shirt collar band encircles the neck.

CHEST
Place tape measure up under arms and measure the fullest part of the chest, keeping tape parallel to the floor.

WAIST
Tape measure should be straight around waist where pant waistband normally sits.

SLEEVE
With elbow bent, measure from the center of the back at the base of the neck, across the shoulder to the elbow and then down to the wrist.

TAILORED FIT STYLES
Cut trimmer in the sleeves and body.

BUST
Place tape measure up under arms and measure the fullest part of the chest, keeping tape parallel to the floor.

WAIST
Tape measure should be straight around waist where pant waistband normally sits.

HIP
Standing with heels together, with tape parallel to the floor, measure the fullest part.

SLEEVE
With elbow bent, measure from the center of the back at the base of the neck, across the shoulder to the elbow and then down to the wrist.
