PRO-CUT RAGLAN

INSET SLEEVE

RAGLAN SLEEVE

Modern cut, looks like it means business, even if you're just grabbing a dodgy servo pie. Seam runs up & along to the collar like it's late for training. Designed for movement, so you can swing a golf club, a fishing rod, or even a cheeky date night.

Classic, clean & just a bit retro. The sleeve that says, "I ironed this shirt, & I want you to notice." The Seam sits politely on the shoulder, like it's waiting for permission to speak. Ideal for BBQs, boardrooms, or even pretending you know how to use Excel.

Casual rebel with a soft side. Seam curves to the collarbone like it's dodging responsibility. Gives off sporty vibes without committing to actual sport. Perfect for weekend warriors, dog park philosophers, and anyone who's ever said "I could've gone pro."
